- | | |
|------------------------------------|---|
| 1 Upper layer: cca 3,8 mm hardwood | 3 Bottom layer: 2 mm spruce veneer |
| 2 Middle layer: 9 mm spruce core | F 6 layers of UV hardened lacquer - MagShield |

Ecology

MAGNUM places a priority on complying with the highest environmental standards in our industry. We also apply these same standards to our suppliers. MAGNUM products are made exclusively with formaldehyde-free PVC, 100% ecological lacquers and natural oils (for surface treatment), and the entire production process is controlled and organised in a way which eliminates any negative impact on our environment.
